## UX Academy Program Fit

The Right Track UX experience is a 12-week full time program (March-June). User experience (or "UX") is all about understanding how designs affect people. Designs include anything that humans interact with: physical objects, digital applications, and even services or experiences. UXers may research how people are feeling about a design, as well as create potential solutions (or prototypes) for making the experience for the intended users.

### 35. Are you able to commit to a full time experience? \*

The UX Academy is a full-time commitment. In addition to in-class time, this program will require out-of-classroom work time, estimated to be about 10-12 hours each week. This may include weekday evening work (1-2 hours, 2-3 times a week) as well as weekend work (5-10 hours/weekend).

Yes

No

### 36. What are your other commitments or responsibilities during the 12 Week UX Academy (e.g. work, family responsibilities, etc.) and what are your plans to manage your time? \*

## Program Interest

To help us better understand your interest in this program, please share with us how you feel about the following UX-related activities:

37. Doing research to understand what things are important to users and creating many different ideas based on that information. \*

1= *This does not interest me at all*

5= *This is extremely interesting to me*

1   2   3   4   5  
           

38. Taking an idea and thinking through the steps needed to make that idea a reality.. \*

1= *This does not interest me at all*

5= *This is extremely interesting to me*

1   2   3   4   5  
           

39. Creating an interactive clickable or tappable version of an idea \*
